STATE CONTRACT GASOLINE / DIESEL FUEL PRICES

Effective July 4, 2006 until further notice, State Contract Gasoline / Diesel Fuel Prices will be calculated on a daily basis. These daily prices can be accessed at www.state.sc.us/mmo/scbo/scbomenu.htm.

Explanation: The Materials Management Office has agreed to extensions for a maximum period of six months for the Unleaded Gasoline Transport & #2 Fuel Oil/Diesel Fuel Transport statewide term contracts. The effective date of these extensions is July 1, 2006. Effective July 4, 2006, the State will transition to daily fuel price calculations for the duration of these contracts.

Recent solicitations for fuel, which included contract structures that have been consistent & successful for several years, yielded much higher than anticipated pricing. MMO plans to use the time gained by the contract extensions referenced above to research, restructure, & resolicit these contracts. Upon completion of this process, the extended contracts will be terminated. We will provide as much lead time as possible to agencies in order to facilitate a smooth transition.
